

The Award for the best Master Thesis in Geophysics, 2021/2022

Local Chapter EAGE Czech Republic announces the tenth annual competition for best Master thesis in theoretical and applied geophysics.

This competition builds on the successful years 2012 - 2021, in which the best geophysical master's thesis was awarded for a scholarship. More about the history of the Prize: http://seismik.cz/seismicka_cena.php.

Organizer

The promoter and organizer of the event is the Local Chapter EAGE Czech Republic, Kubišova 1265/8, 182 00 Prague 8, Czech Republic.

Objectives

The organizers will award the author(s) of the best diploma thesis in the field of theoretical or applied geophysics. Thesis must be defended within the period starting on 5th October 2021 and ending on 4th October 2022. The aim of the competition is to encourage application of scientific knowledge to real problems and innovativeness.

Terms & Conditions

- The participant needs to register by submitting the completed application form with obligatory attachments before the deadline. The application form can be downloaded from the website www.seismik.cz/cena-seismik, or it can be requested from the organizers by email.
- In the case of written submission, applications with attachments are sent by registered mail to the address of the organizer:
 - EAGE Local Chapter Czech Republic
 - Studentska cena
 - Kubišova 1265/8
 - 182 00 Prague 8
- Upon prior notice, the application can be submitted to the organizer's address in person.
- Incomplete or incorrectly filled applications will be rejected.
- Participants in the application will agree to be an organized within the meaning of Regulation (EU) No 2016/679 of the European Parliament and of the Council from 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation, hereinafter "GDPR"), and also in compliance with our internal guidelines, which correspond to the relevant legal regulations. Processed data will be:
 - Given name, surname, title, email, phone numberThe application cannot be entered without the consent.
- Submitted thesis will be archived by Seismik s.r.o. The Seismik s.r.o. will not provide bachelor/master thesis or parts thereof to third parties with the exception of the Evaluation Committee.
- The organizers reserve the rights to modify rules during entire duration of the event.
- Participation in this event does not create a legal right to win. The commission reserves the rights not to award any thesis.

Earth Science fields relevant for the Student Prize:

- theoretical geophysics;
- applied geophysics;

Evaluation process:

The winner will be selected by at least four-member expert committee consisting of two members from EAGE Local Chapter Czech Republic, one member from the Faculty of Mathematics and Physics of Charles University, one member from the Faculty of Science, Charles University.

Criteria for evaluation of submitted thesis:

Technical and professional aspects such as:

- An innovative approach to the topic;
- Presentation of results in thesis and its applicability;
- Application in industry;

The decisions of the Commission will be final.

Prague 25th January, 2022
